

Add a hound to this election, today.

Nominate Judge Scen Fortenine for primary resident, that is the president, of the United States of the World.

The Judge's Election Vow:

- Turn billboards into windmills & solar capture power stations. To pump water, generate & store electricity, mill anything from flour to steel, recycle waste, heating and cooling, etc.
- Take fluoride & chlorine out of baby & municipal water.
- Remove national border restrictions on migration & trade. That flying "cars" may be occupied.
- Turn military bases into transport development centres. That the damage done by national military sanctions & embargoes is corrected.
- Allow people the freedom to choose allopathic, homeopathic or other alternative methods for medical ailments including vaccinations, operations and treatments. So that nobody is denied medical treatment of their choice.
- Publish free mainstream education courses & testing through computers, televisions and smart phones. So that everyone has access to education, degrees & diploma's. Pay teachers, lecturers & professors advertising royalties on their publications.

Remember it is unlawful to restrict anyone to a nation. The election promises offered here, may be voted on, from any state in the world, including boeti.org.
